**Marketing Planning** Marian Burk Wood 2004 Marian Burk Wood's in-depth knowledge of marketing planning is brought to life in this new book which offers a no-nonsense practical approach to the topic. The CEO's Guide to Marketing Lonny Kocina 2017-10-24 This is the most practical marketing book you will ever read. It outlines a six-step process that will bring clarity to marketing like you've never experienced before. It's literally a step-by-step guide to more leads, higher sales and a stronger brand. The first step is simply being a competent marketer. As the CEO of your organization, this should worry you: Your marketing team knows a lot less about marketing than they let on. And you can prove it in an instant. Ask them to explain the difference between a balance sheet and an income statement and finding out you stumped them. Now consider this: You can maybe ring another 20% in sales out of your current customers, but that's offset by the hole in your customer bucket. Real growth comes from new business development and you've entrusted a good share of that to a marketing team that can't define a basic marketing term. Not good. I suggest you buy a copy of this book for yourself first. I'll show you the six steps of Strategically Aimed Marketing or the SAM 6® process for short. It will get you up to speed quickly. Then buy copies for your staff and have them integrate the process into your organization. If you are a marketing manager, writer, graphic designer or anyone else who has a hand in marketing, you should buy this book and beat your CEO to the punch. I'm not kidding when I say The CEO's Guide to Marketing will make you the smartest marketer in the room. You are going to wish you had this book years ago. Lonny Kocina
