**The Prodigal Son R. B. Thieme, Jr. 2001-01-01 The Prodigal Son leaves home and squanders his inheritance in riotous living. His elder brother stays home and works hard. When the prodigal returns and is restored to his father, the elder brother becomes petty, jealous, bitter, and resentful. Despite their different paths into carnality, their sins cannot remove them from the circumstances of their birth. Once a son, always a son! As a "born again" believer, whether you sin like the prodigal or like the elder brother, you remain a permanent member of the family of God, but you lose your temporal fellowship with God. To remedy this rift, God has provided a simple, grace procedure—rebound—so that your postsalvation sins are forgiven and you can recover fellowship and move on in the Christian life. Jesus taught the parable of the prodigal son to an audience of self-righteous legalists who reviled the profligate prodigal and praised the holier-than-thou elder brother. Yet, they entirely missed the message! Everyone who believes in Christ by faith alone is a permanent son of God. Once a family member, any believer can reclaim his Christian life from carnality and be restored to fellowship with God.**

**The Elizabethan Hamlet Arthur McGee 1987-09-10 This original and provocative reinterpretation of Hamlet presents the play as the original audiences would have viewed it--a much bleaker, stronger, and more deeply religious play than it has usually been assumed to be. Arthur McGee draws a picture of a Devil-controlled Hamlet in the damnable Catholic court of Elsinore, and he shows that the evil natures of the Ghost and of Hamlet himself were understood and accepted by the Protestant audiences of the day. Using material gleaned from an investigation of play-censorship, McGee offers a comprehensive discussion of the Ghost as Demon. He then moves to Hamlet, presenting him as satanic, damned as revenger in the tradition of the Jacobean revenge drama. There are, he shows, no good ghosts, and**

**Purgatory, whence the Ghost came, was reviled in Protestant England. The Ghost's manipulation extends to Hamlet's fool/madman role, and Hamlet's soliloquy reveals the ambition, conscience, and suicidal despair that damn him. With this viewpoint, McGee is able to shed convincing new light on various aspects of the play. He effectively strips Ophelia and Laertes of their sentimentalized charm, making them instead chillingly convincing, and he works through the last act to show damnation everywhere. In an epilogue, he sums up the history of criticism of Hamlet, demonstrating the process by which the play gradually lost its Elizabethan bite. Appendixes develop aspects of Ophelia.**

No matter what happens to you, no matter how difficult your problems, you have "the peace of God which passes all understanding."

***Who Do You Say That I Am? Rodney L. Reed 2021-11-05*** For the church, there can be no more significant question than Christ's Who do you say that I am? It is the cornerstone upon which all of Christian faith and praxis must stand. In this volume, the sixth from the Africa Society of Evangelical Theology, contributors explore the question of Christ's identity - and its implications for the global church - from a distinctly African perspective. Engaging biblical studies, church history, and applications for missions, discipleship, and inter-religious dialogue, these essays utilize African hermeneutics and rich cultural perspectives to shed light on Christ's contextual relevance for Africa and for the world. The final section is dedicated to the memory of John S. Mbiti, the father of modern African

*The Angelic Conflict R. B. Thieme, Jr. 2012-01-01 The Angelic Conflict rages around us. This is not a world war. This is a war beyond the world—an invisible warfare between the forces of Satan and the forces of God. Ultimately God will win. Long before the advent of human history, Satan arrogantly rebelled against his Creator. He wanted to make himself “like the Most High” and recruited one-third of the angels to follow him. God justly condemned Satan and his fallen angels to spend eternity in the lake of fire. Satan appealed the sentence, claiming unfairness—questioning how a loving God could cast His creatures into hell. Planet Earth is now the battleground where Satan seeks to outmaneuver God, prove the judgment unfair, and foil the execution of his sentence. Satan will not suffer defeat without an intense struggle. God created man to resolve this angelic conflict. Human volition is the focal point of the firestorm. Will man choose God’s grace plan of salvation or follow the arrogant system of Satan? Through the freewill decisions of mankind, God proves to Satan His perfect justice and love again and again. As believers, it is imperative we understand this spiritual warfare that surrounds us. Satan uses every ruse at his command to derail and discredit those who are in Christ. For our defense, God has provided an overwhelming advantage in a powerful suit of spiritual armor. With it we can withstand the “flaming missiles of the evil one” and become heroes in the invisible war. God is glorified as we lock shields and stand firm on His power and Word.*

*Tolstoy and the Religious Culture of His Time Inessa Medzhibovskaya 2009-07-15 The first book-length study on the subject in any language, Tolstoy and the Religious Culture of His Time treats Tolstoy's experience as a massive philosophical and religious project rather than a crisis-laden tragedy. Inessa Medzhibovskaya explains the evolution of Tolstoy's religious outlook based on his ongoing dialogue with the tradition of conversion in Europe and Russia, as well as on the demands of his own heart, mind, and spirit. The author contextualizes Tolstoy's conversion, comparing his pattern of religious conversion with that of other notable religious converts—Saint Paul, Saint Augustine, Luther, Pascal, Rousseau—as well with that of Tolstoy's countrymen—Pushkin, Gogol, Chaadaev, Stankevich, Belinsky, Herzen, and Dostoevsky. Stressing the importance of the religious culture of his time for Tolstoy, this study investigates the nineteenth century debates that inspired and repelled Tolstoy as he weighed arguments for or against faith in his dialogues with the culture of his time, covering widely differing fields and disciplines of experimental knowledge. The author considers German Romantic philosophy, the natural sciences, pragmatist religious solutions, theories of social progress and evolution, and the historical school of Christianity. Medzhibovskaya stresses the fact that influential intellectual currents were as important to Tolstoy as believers and nonbelievers were from and beyond his immediate environment. The author argues that, in this sense, Tolstoy's conversion emerges as deeply intertextual, and this surprising discovery should not diminish our trust in Tolstoy's sincerity during his religious evolution, which occurred both spontaneously as well as deliberately. The polyphony of discreet*

**Atlas of Knowledge Katy Börner 2015-03-20 The power of mapping: principles for visualizing knowledge, illustrated by many stunning large-scale, full-color maps. Maps of physical spaces locate us in the world and help us navigate unfamiliar routes. Maps of topical spaces help us visualize the extent and structure of our collective knowledge; they reveal bursts of activity, pathways of ideas, and borders that beg to be crossed. This book, from the author of Atlas of Science, describes the power of topical maps, providing readers with principles for visualizing knowledge and offering as examples forty large-scale and more than 100 small-scale full-color maps. Today, data literacy is becoming as important as language literacy. Well-designed visualizations can rescue us from a sea of data, helping us to make sense of information, connect ideas, and make better decisions in real time. In Atlas of Knowledge, leading visualization expert Katy Börner makes the case for a systems science approach to science and technology studies and explains different types and levels of analysis. Drawing on fifteen years of teaching and tool development, she introduces a theoretical framework meant to guide readers through user and task analysis; data preparation, analysis, and visualization; visualization deployment; and the interpretation of science maps. To exemplify the framework, the Atlas features striking and enlightening new maps from the popular "Places & Spaces: Mapping Science" exhibit that range from "Key Events in the Development of the Video Tape Recorder" to "Mobile Landscapes: Location Data from Cell Phones for Urban Analysis" to "Literary Empires: Mapping Temporal and Spatial Settings of Victorian Poetry" to "Seeing Standards: A Visualization of the Metadata Universe." She also discusses the possible effect of science maps on the practice of science.**

**A Categorical, Alphabetical Bible Study Vol. 2 Dr. Terry L. Puett  
Divine Guidance R. B. Thieme, Jr. 1999-01-01 Divine Guidance is the doctrine of determining God's will for your life. God guides you by communicating His will through divine revelation. No believer can know or do the will of God apart from knowing the Word of God. The Bible reveals numerous mandates that universally declare what the will of God is and is not for every believer. The other intentions God has for your individual life that are not directly stated in Scripture must be determined from Bible doctrine in your soul. From the application of Bible doctrine you will resolve what God wants you to think, what He wants you to do, and where He wants you to go. As the personal emissaries of the Lord Jesus Christ, you represent Him effectively after salvation only by obeying God's will for your life. Learning the mandates, categories, and mechanics of divine guidance gives you the basics for doing His will. As you continue to grow to spiritual maturity, you will become confident that you know God's will for your life at any time and under every circumstance.**

Isolation of Sin R. B. Thieme, Jr. 2000-01-01 Isolation of Sin breaks the vicious cycle of carnality shackling many believers to their past failures. God's grace solution for the believer's sin is rebound, privately confessing or naming your sins to God the Father. Rebound instantaneously accomplishes divine forgiveness, recovery of the Holy Spirit, and restoration to fellowship with God. Yet many believers immediately fall out of fellowship, caught in reaction, guilt, and a chain of mental, verbal, or overt sins. As their frustration mounts, carnality seems overwhelming. How do you break this cycle? Disengage yourself from forgiven sin! When God forgives a sin, it no longer belongs to you. Do not reclaim the burden! God has blotted out your sin! Feeling guilty, habitually looking backward, worrying, or chronic self-reproach only perpetuates your status in carnality. When you isolate your sins by "forgetting those things which are past," you can "press on" to the high ground of spiritual maturity in your Christian life.**

***The Oral Ethos of the Early Church Joanna Dewey 2013-10-30 To experience the gospel message as first-century people heard it is to move into an oral world, one with very little reliance on manuscripts. The essays in this book explore this oral world and the Gospel of Mark within it. They demonstrate the oral style of Mark's gospel, which suggests that it was composed orally, transmitted orally in its entirety by literate and nonliterate storytellers, and survived to become part of the canon only because it was widely known orally. Women's storytelling also thrived during the first centuries of Christianity. With the transition to manuscript authority beginning in the middle of the second century, women's voices were often minimized, trivialized, or completely omitted in written versions. Further, when the Gospel of Mark was one of four written Gospels these voices were quickly ignored. An ancient audience hearing Mark performed, however, enjoyed a vibrant experience of the gospel message and its urgent call to follow.***

***Contemporary Theories of Religion Michael Stausberg 2009-06-19 Interest in theories of religion has never been greater. Scholars debate single theoretical approaches in different scholarly journals, while the 'new atheists' such as Richard Dawkins and Daniel Dennett criticize the whole idea of religion. For everyone eager to understand the current state of the field, Contemporary Theories of Religion surveys the neglected landscape in its totality. Michael Stausberg brings together leading scholars of the field to review and discuss seventeen contemporary theories of religion. As well as scholars of religion, it features anthropologists, archaeologists, classicists, evolutionary biologists, philosophers and sociologists. Each chapter provides students with background information on the theoretician, a presentation of the theory's basic principles, an analysis of basic assumptions, and a review of previous critiques. Concluding with a section entitled 'Back and Forth', Stausberg compares the different theories and points to further avenues of discussion for the future.***

**Narratives in Conflict Matthew Aaron Bennett 2019-11-18 Did Jesus die on the cross for our sins as the Gospels describe? Or, as Muslims often contend, was Jesus rescued to heaven in order to avoid the shameful crucifixion that would be unbefitting of a messenger of God? This debate has raged for generations and has caused no shortage of frustration among those seeking to explain the central teaching of the Christian faith to those influenced by the Qur'an. What this book aims to do is uncover four barriers to understanding the biblical teaching on atonement that likely exist in the minds of our Muslim friends prior to asking about the historical reality of the Christ event. What we will discover is that the Qur'an diverges from the biblical teaching on atonement at the lexical, ritual, narrative, and worldview levels. Each of these points of divergence presents a barrier to communication. Therefore, before arguing with our Muslim friends that Jesus died on the cross, we must provide an answer to the prior question, why would it matter? This book argues that the Letter to the Hebrews provides a particularly helpful biblical starting point for overcoming all four barriers.**
